

## Nationwide Wholesale Voice & Data Services

Your Name. Your Brand. Your Customers.

### Nationwide Voice and Data Services

- ▶ Long Distance (TDM and SIP)
- ▶ Toll Free Services
- ▶ Hosted IP PBX
- ▶ Dedicated Internet Access and On-Net MPLS
- ▶ Wireless Broadband

### In Quality We Trust

From big cities to rural communities, TouchTone's fully redundant and geographically diverse network brings quality voice and data to ILECs and Wireless providers across the U.S. under their own name and brand.

### Why TouchTone Communications

- ▶ Privately-owned, debt-free company
- ▶ Services offered on TouchTone's owned and operated voice and data network, and via multiple Tier 1 carriers.
- ▶ Fully managed MPLS and Ethernet Private Line services with end-to-end voice QoS
- ▶ Independent/3rd party SMS/800 RespOrg supported
- ▶ U.S.-based in-house support, engineering, and 24/7 Network Operations Center

### Test our Network for Free

TouchTone delivers the very best quality and availability - no matter the location. But don't take our word for it. Test TouchTone's network at no charge (and without any commitment or obligation).

### Connecting America Since 1993

With over 25 years of continuous growth and a proven track record of delivering quality products and support, you can be certain that your customers will be getting the very best quality and availability - no matter the location.

### Dedicated Account Manager

Each account is assigned a dedicated account manager, who with the help of TouchTone's technical engineers, are involved throughout the entire process and lifespan of the solution - including transitioning from TDM to VoIP.

### High Quality Services

Through established partnerships and interconnections, network redundancy and solution scalability, you can depend on TouchTone for high quality and reliable services, at the very best rates.
