

Business Fax Service: Web-to-Fax

Web-to-Fax offers users an easy and convenient way to send/receive faxes directly from the TouchTone Collaborator Web Portal.

Registered users can simply log into their account, click the Fax tab, fill in the necessary information, send and view real-time status.

Web-to-Fax features include:

- ✓ Simple and convenience - no hardware required
- ✓ Fax anytime and anywhere you can access your portal - PC, tablet, or smartphone
- ✓ Supports almost all file formats
- ✓ Real-time status reporting
- ✓ Resend capabilities
- ✓ Broadcast capabilities: send the same fax to up to ten recipients with a single click
